1	BRS	S356	29	(actuator same sensor) and (first adj interface) and (second adj interface) and microchip
2	BRS	S351	28	microchip and (first adj interface) and (second adj interface) and simulation
3	BRS	S350	1	(embedded adj software) and (first adj interface) and (second adj interface) and simulation
4	BRS	S349	1	(embedded adj software) and (first adj interface) and (second adj interface) and simulation
5	BRS	S347	1	(embedded adj software) and (first adj interface) and (second adj interface) and simulation
6	BRS	S348	0	(embedded adj software) and (first adj interface) and (second adj interface) and simulation and microchip
7	BRS	S346	24	(embedded adj software) and (first adj interface) and (second adj interface) andsimulation
8	BRS	S344	16	(embedded adj software) and (first adj interface) and (second adj interface) and (table or graph$)
9	BRS	S343	5	(embedded adj software) and (first adj interface) and (second adj interface) and syn$6
10	BRS	S342	0	(embedded adj software) and (first adj interface) and (second adj interface) and syn$6 and microchip
11	BRS	S341	21	(embedded adj software) and (first adj interface) and (second adj interface)
12	BRS	S340	3259	(embedded adj software)
13	BRS	S355	194	(actuator same sensor) and (first adj interface) and (second adj interface)
14	BRS	S354	345	(actuator and sensor) and (first adj interface) and (second adj interface)
15	BRS	S353	4	(microcomputer same simulation) and (first adj interface) and (second adj interface)
16	BRS	S352	34	microcomputer and (first adj interface) and (second adj interface) and simulation
17	BRS	S357	22	(actuator same sensor) and (first adj interface) and (second adj interface) and microchip and software
